PLEASE RETAIN THIS LEGAL GUIDE FOR FUTURE REFERENCE.

User Guide

Go to www.intelino.com/user-guide. The explanations provided in the user guide are for reference purposes only and may be modified. The latest version of the guide can be found at www.intelino.com/user-guide. Intelino smart train is compatible with select iOS and Android devices. Bluetooth Smart (4.0+) support required. Please visit www.intelino.com/devices for more information.

Limited Warranty

Intelino limited warranty information is available online: www.intelino.com/warranty.

Caution: Keep hair away from wheels to prevent entanglement. Do not disassemble the Intelino J-1 smart train.

Battery Warning

To reduce risk of fire or burns, do not attempt to open, disassemble, or service the battery pack. Do not crush, puncture, short external contacts, expose to temperature above 60°C (140°F), or dispose of in fire or water. Battery chargers used with the device are to be regularly examined for damage to the cord, plug, enclosure and other parts, and in the event of such damage, they must not be used until the damage has been repaired. Battery is 3.7V, 350mAh (3.7*0.350=1.3Wh).

WARNING! A wet or contaminated micro-USB connector may cause excessive heat or melting and may lead to fire damage or personal injury. Always charge your train engine with a clean, dry micro-USB connector.

The product and packaging will bear the CE mark. Hereby, Innokind, Inc. dba Intelino declares that this device is in compliance with European Directive 2014/53/EU. See further details at www.intelino.com/compliance.

CONTAINS FCC ID: WAP2011

FCC COMPLIANCE STATEMENT

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

WARNING: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy, and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Operating Frequency Band in the EU (MHz) and Maximum Radio-Frequency Power Transmitted (dBm):

Bluetooth Operating Band: **2402 - 2480 MHz** | Maximum Radiated Power: **<10dBm**
